EXECUTIVE DIRECTOR

TO: Mr. David Samuel

DATE: July 30, 2008

SUBJECT: Quarterly Report for Period Ending July 30, 2008

The Mississippi Division of Medicaid has requested to merge the As One grant with the telemedicine project that is being facilitated by the University of Mississippi Medical Center. Both parties are hopeful that a favorable decision will be made regarding this request in the near future. We believe the telemedicine will be of tremendous benefit to the state in providing healthcare services to rural areas.
